RE: Islander East Pipeline Company, L.L.C.  
CTDEP OLISP & 401 Water Quality Permit  
Permit Number 200200763

Dear Ms. Jacobson:

Islander East Pipeline Company, L.L.C. ("Islander East") has completed additional sediment modeling in the Connecticut nearshore of Long Island Sound and encloses two reports for your review. Both of these reports conclude that the dispersion of the spoil mounds from the dredging construction method will be limited to the vicinity of the dredging activities.

If you have any further questions or comments regarding this information or the permit application, please do not hesitate to contact me at (203) 488-1800 or via email at [jreinemann@duke-energy.com](mailto:jreinemann@duke-energy.com).

Sincerely,  
ISLANDER EAST PIPELINE COMPANY, L.L.C.

A handwritten signature in black ink, appearing to read "Joseph C. Reinemann".
